

Waldport Seafood Company

Located at 310 SW Arrow St., on Hwy 101 in Waldport, Oregon, this Microloan and Lincoln County Loan project was completed in April 2004.

The owner, Richard Ligon, has made significant changes in the restaurant since his purchase and renovation project in 2004. The once sandwich and ice cream shop is now a small restaurant and seafood market featuring the largest live see-through crab tank on the Oregon Coast. Waldport Seafood Company also has a large crab cooker and outdoor grill to cook your fresh purchase right on the spot, for lunch or dinner, with an ocean view.

Waldport Seafood Company also has a very wide selection of fresh fish, oysters and other shellfish in their Seafood Market.
